Quick & Easy
Halloween Masks

1. Print out the masks below.
2. Carefully cut out each mask. It's easiest to cut out the eyes if you have an X-Acto knife or something similar!
3. Staple a piece of elastic band, ribbon or string to each side of the mask. You can also cut a 1-inch section of pantyhose and tape it to the inside of the mask to create a comfortable headband.
4. Enjoy!
