

# Activities

---

1. Bake a cake (or something else delicious) together. See the included recipe card for the easiest cake you'll ever make!
2. Deliver treats, a drawing, or a kind note to a neighbor or friend. Try to encourage your child to deliver it all by themselves!
3. Go to the playground (indoor or outdoor) and have your child try a new obstacle all by themselves. It can be a new slide, swing, climbing wall, etc. Anything that will build their confidence!
4. Mrs. Bear and Sam counted the cakes before they delivered them. Gather a number of objects (i.e. small toys, pom poms, shoes, etc.) and practice counting them together. See if you can count 12 like Sam did!
5. In the book, it was snowing outside and Sam had to walk through it as he delivered the cakes. Walk around and play in the snow, just like Sam did, if it's snowy where you live!
